DEGREES CONFERRED DECEMBER 16, 1921

Four hundred and seventy-one degrees were conferred upon students of the University, as of date December 16, 1921, by action of the Academic Senate confirmed by the Board of Regents. This is an increase of 26.6 per cent over 1920, when 372 degrees were conferred.

Degrees were granted as follows: Doctor of Dental Surgery, 3; Bachelor of Science, 78 (College of Agriculture, 43; College of Chemistry, 5; College of Civil Engineering, 4; College of Commerce, 20; College of Mechanics, 5; College of Mining, 1); Bachelor of Arts, 317; Master of Science, 12; Master of Arts, 49; Juris Doctor, 2; Doctor of Medicine, 1; Doctor of Philosophy, 9.

STUDENT UNION

The Student Union, which has occupied a place in the plans and records of the University for at least the past twenty-five years, is now becoming a reality. The excavations have been completed and the concrete work is going ahead as rapidly as the weather permits. The other contracts on the building have practically all been let and will proceed in regular order. The building will be finished sometime during the summer of 1922 and will be opened with the fall semester of that year.

CALIFORNIA MEMORIAL STADIUM

The campaign for funds for the erection of a Memorial Stadium has resulted in the following subscriptions to date:

Alumni and public	5,867
Bank	836
Student	3,245
Faculty	254

10,202

This means that over a million dollars is available and that the project can be successfully carried to completion.

Arrangements are now being made for the purchase of land and it is hoped that this purchase will be concluded at an early date so that the site may be cleared and the structure commenced not later than May, 1922. This will mean that it can be completed readily prior to the Big Game of 1923.

Permanent organizations have been effected in New York City, Boston, Mass., Chicago, Ill., Phoenix, Ariz., Salt Lake City, Utah, Taft and Pasadena, Calif. In each of these cities alumni meetings were held either before or on the day of the big game. Additional meetings were held in Seattle, Wash.; Hoquiam, Wash.; Honolulu; El Paso, Texas; Eureka and Modesto, California.

The Board of Alumni Visitors met for the week beginning November 14. The members of the Board, appointed by the President of the Association, are Mrs. Elsie Lee Turner, Mrs. Irene Taylor Heineman, Mr. Robert Sibley, Mr. Clinton E. Miller and Mr. J. E. Beard. At the initial meeting of the Board in President Barrows' office, each member was assigned a subject for investigation: Administration and General Educational Policy, to Mr. Miller; the Graduate Division and Research, to Mr. Beard; to Mr. Sibley, the Professional Schools and Colleges; to Mrs. Heineman, the College of Letters and Science; and to Mrs. Turner, Student and Faculty Welfare. Members of the faculty were consulted, classrooms and laboratories visited, and conferences held with President Barrows and with students. The Board members are each appointing a subcommittee of four, with himself as chairman, to study the problems of the University and to make recommendations. They will hold another meeting early in the coming year.

The Stadium Executive Committee has transferred to the Alumni office its card catalogue of alumni. The addresses therein are up to date and will be transferred to the records in the Alumni office.
